Dear Sir or Madam:

The Employee Plans Compliance Unit (EPCU) of the IRS is conducting a compliance check of the plan referenced above as part of our ongoing efforts to increase voluntary compliance in the 401(k) plan sector. This compliance check is a comprehensive look into 401(k) plans to determine: (1) potential compliance issues, (2) any plan operational issues, and (3) additional education and outreach guidance that may be helpful for the IRS to provide to plan sponsors to improve compliance.

The above-referenced plan has been randomly selected to answer questions concerning plan features and operations. Information is being requested on this plan and approximately 1,200 other plans that have filed Forms 5500 with the Department of Labor/Internal Revenue Service.

Background on the Project

Section 401(k) plans are the fastest growing retirement plan market segment and have a significant impact on the health of the private retirement system in America. The IRS devotes a substantial amount of resources to this area. Efforts in this area include compliance programs, customer education and outreach, and guidance initiatives.

What is a Compliance Check?

This letter constitutes a compliance check, which is a review by the IRS to determine adherence to certain requirements. A compliance check is neither an audit nor an investigation under IRC section 7605(b) nor an audit under section 530 of the Revenue Act of 1978. A compliance check is not a review of an organization's books and records.

Failure to respond or to provide complete information, however, will result in further action which could include a full examination of your plan. Information gathered from the 401(k) Compliance Check Questionnaire will be used in future compliance efforts. Based on the information received, the IRS will issue a public report summarizing the data collected, but will not include names, locations, or other identifying information of any respondents.

Enclosed with this letter are instructions on how to complete the 401(k) Compliance Check Questionnaire.
